DNR STAFF DIRECTORY

DIVISION OF PARKS AND TRAILS

MARCH 29, 2026

Notes: (1) The employee data contained in this directory is dated March 29, 2026 at 4:11 AM, and was obtained from a daily extract of the HR_CUR_RPTNG table in SEMA4. All active employees, except "smokechasers" (job codes 009054 thru 009057), are included.

(2) Based upon the selected parameter values and report options, this rendition of the directory (a) includes staff from the Division of Parks and Trails, (b) is sorted by "Location", (c) includes Cell Phone and FAX numbers in the body of the directory, and (d) does not include any addendums.

(3) Telephone numbers with the last 4 digits underlined are included in the DNR IP telephone network, and from within the network can be dialed using only the last 4 digits. Currently, the 218-231 (Hibbing), 218-308 (Bemidji), 218-322 (Grand Rapids Resource Assessment), 320-223 (Sauk Rapids), 507-206 (Rochester) and 651-259 (St. Paul) exchanges are included in the IP network. The 507-522 (Lewiston Forestry) exchange will be added in the near future.

(4) Available sorting options for this directory include (a) Employee Name, (b) Division, (c) Section, (d) Region, (e) Location, (f) Department Number, (g) Title, (h) Status (*defined as Full-Time, Part-Time, or Intermittant*), and (i) Telephone Number. This rendition is sorted by "Location".

(5) Telephone Number Codes: (w1) = Work number 1, (w2) = Work number 2, (cell) = Cell Phone number, (fax) = Fax number.

(6) When displayed on-screen, Tool Tips provide additional information about each listing, and double-clicking on group headers creates separate "sub" reports for those groups.

(7) If any information in this directory appears incorrect, please contact Lynda Zoet at lynda.zoet@state.mn.us.

(8) Addendums to this directory are available by making a selection in the "Addendums" parameter, and if the addendum is only pertinent to a particular Division, choosing that Division (or not choosing any Division). Addendums currently available include the DNR Administrative Regions Map, the Fisheries Field Offices Map, ten Parks and Trails District Maps, and the Wildlife Field Offices Map.

(9) All photographs in this directory are the copyrighted intellectual property of the Department of Natural Resources.

(10) This directory (titled "DNR Staff Directory") is available in the "Phone Directories" folder on the DNR Reporting Service (login at <https://reporting.dnr.state.mn.us>).

Scheduled instances of this directory, pertaining specifically to Parks and Trails staff, are maintained on the DNR intranet site at <http://intranet.dnr.state.mn.us/pat/index.html>.

Notes:

(1) The employee data contained in this directory is dated March 29, 2026 at 4:11 AM, and was obtained from a daily extract of the HR_CUR_RPTNG table in SEMA4. All active employees, except "smokechasers" (job codes 009054 thru 009057), are included.

(2) Based upon the selected parameter values and report options, this rendition of the directory (a) includes staff from the Division of Parks and Trails, (b) is sorted by "Location", (c) includes Cell Phone and FAX numbers in the body of the directory, and (d) does not include any addendums.

(3) Telephone numbers with the last 4 digits underlined are included in the DNR IP telephone network, and from within the network can be dialed using only the last 4 digits. Currently, the 218-231 (Hibbing), 218-308 (Bemidji), 218-322 (Grand Rapids Resource Assessment), 320-223 (Sauk Rapids), 507-206 (Rochester) and 651-259 (St. Paul) exchanges are included in the IP network. The 507-522 (Lewiston Forestry) exchange will be added in the near future.

(4) Available sorting options for this directory include (a) Employee Name, (b) Division, (c) Section, (d) Region, (e) Location, (f) Department Number, (g) Title, (h) Status (*defined as Full-Time, Part-Time, or Intermittant*), and (i) Telephone Number. This rendition is sorted by "Location".

(5) Telephone Number Codes: (w1) = Work number 1, (w2) = Work number 2, (cell) = Cell Phone number, (fax) = Fax number.

(6) When displayed on-screen, Tool Tips provide additional information about each listing, and double-clicking on group headers creates separate "sub" reports for those groups.

(7) If any information in this directory appears incorrect, please contact Lynda Zoet at lynda.zoet@state.mn.us.

(8) Addendums to this directory are available by making a selection in the "Addendums" parameter, and if the addendum is only pertinent to a particular Division, choosing that Division (or not choosing any Division). Addendums currently available include the DNR Administrative Regions Map, the Fisheries Field Offices Map, ten Parks and Trails District Maps, and the Wildlife Field Offices Map.

(9) All photographs in this directory are the copyrighted intellectual property of the Department of Natural Resources.

(10) This directory (titled "DNR Staff Directory") is available in the "Phone Directories" folder on the DNR Reporting Service (login at <https://reporting.dnr.state.mn.us>).

Scheduled instances of this directory, pertaining specifically to Parks and Trails staff, are maintained on the DNR intranet site at <http://intranet.dnr.state.mn.us/pat/index.html>.
